Introduction

Urway payment integration kit allows merchants to instantly collect payments from their users using various payment modes like credit cards, debit cards, net banking, wallet, UPI etc. The Urway payment integration supports a seamless payment experience on your platform, while protecting your application from payment frauds and complexity related to various regulations.

Testing and Production Environment

Urway test and production environments are separate.

Merchants need an active Urway account to use the test environment and production environment.

Merchants will have to log in to their Urway Dashboard account and get the API credentials for using these environments.

All transactions initiated by the merchant on our test environment are not processed. Test environment is strictly for testing the request and response functions.

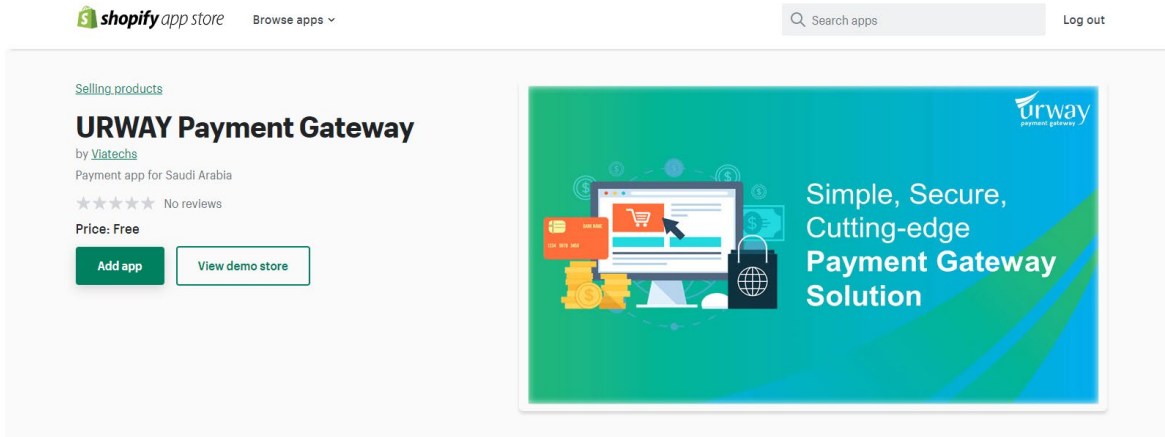

After successfully testing the integration, merchant can move to the production environment by changing the URL.

Installation Procedure

Step 1

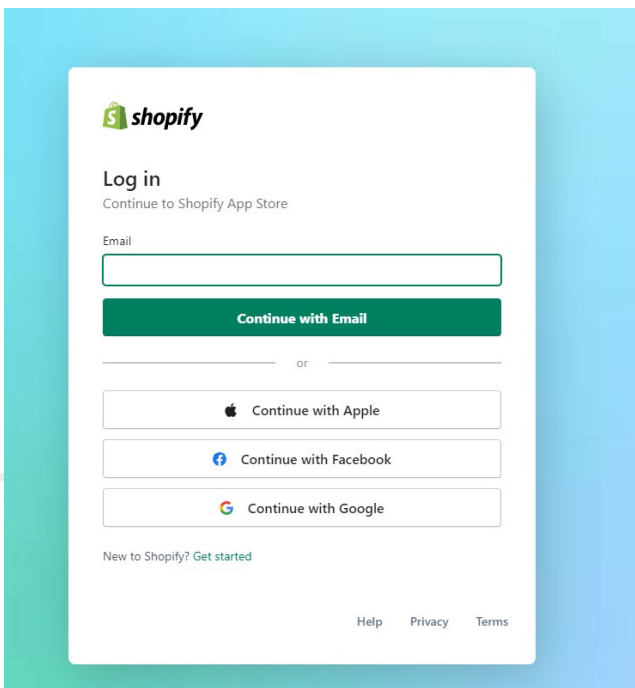

Access the given URL for installing the URWAY plugin.

<https://apps.shopify.com/urway-payment-gateway>

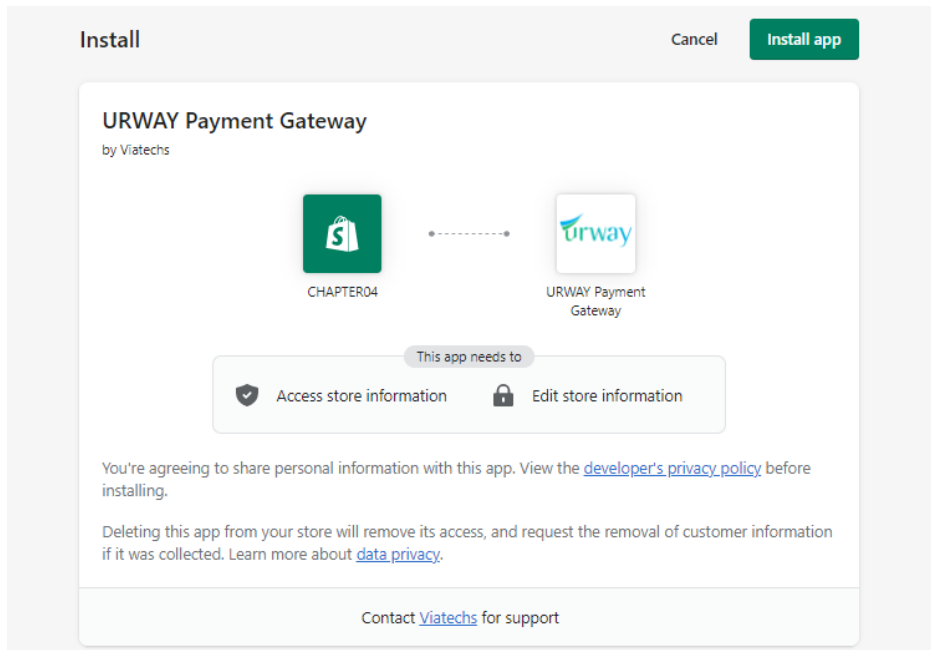

Step 2

Configuration Manually from Dashboard:

1. Goto Settings→Payments→Add Payment Methods

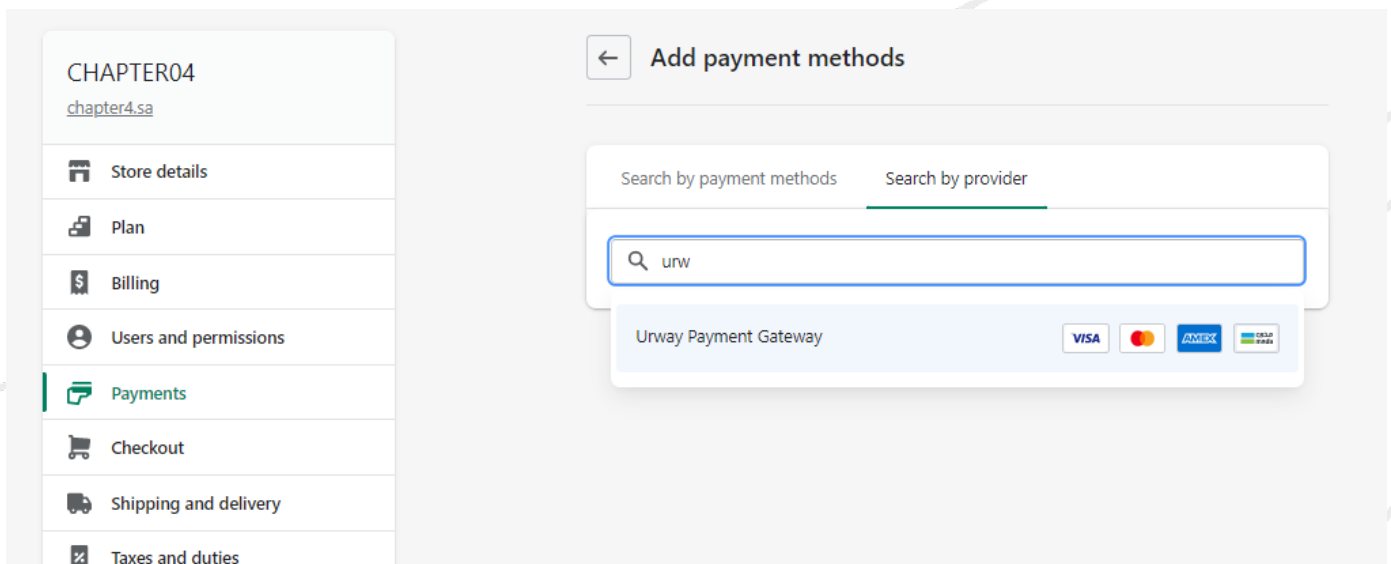

The screenshot shows the Shopify Payments configuration dashboard. On the left is a sidebar menu with options: Store details, Plan, Billing, Users and permissions, Payments (highlighted), Checkout, Shipping and delivery, Taxes and duties, Locations, Gift cards, Markets, Apps and sales channels, Domains, Customer events (New), and Brand. The main content area is divided into three sections:

- Payment providers:** A box with the text "Providers that enable you to accept payment methods at a rate set by the third-party. A 1% fee applies to payments processed through third-party providers." and a "Choose a provider" button.
- Supported payment methods:** A box with the text "Payment methods that are available with one of Shopify's approved payment providers." containing two tables:

Provider	Status	Transaction Fee
PayPal	Inactive	1%
Urway Payment Gateway	Active	1%
- Payment capture:** A box with a radio button for "Automatic" (selected), the text "The customer's payment method is authorized and charged automatically.", and a "Manage" button.

2. Search by provider

The screenshot shows the "Add payment methods" search interface. On the left is a sidebar menu with "CHAPTER04" and "chapter4.sa" at the top, and menu items: Store details, Plan, Billing, Users and permissions, Payments (highlighted), Checkout, Shipping and delivery, and Taxes and duties. The main content area is titled "Add payment methods" and has two tabs: "Search by payment methods" and "Search by provider" (selected). Below the tabs is a search input field containing "urw". A dropdown menu shows the search result: "Urway Payment Gateway" with icons for VISA, Mastercard, AMEX, and Discover.

Search for Urway
